

WINDMILL LEADERSHIP®

Jack Randall, CIC, PFMM, PCLA, is a Visionary Leadership expert who helps organizations facing tough decisions achieve maximum profitability and success through clarity, direction, and strategic solutions! He is the co-founder of Randall Resources International and author of two books: *Man In The Windmill®* and *Windmill Leadership® Principles*.

Why choose Jack as a Speaker, Coach, or Consultant?

Experience

Jack has held positions in mid and upper management for over 30 years. With his background in the agriculture, retail, insurance, and reinsurance industries, Jack now co-owns and operates his own speaking, coaching, and consulting business with the goal of helping others pursue their individual calling in life and achieve amazing results through Visionary Strategic Planning!

His unique and varied experiences have allowed him to gain a wide variety of understanding:

- **Business Management:** the various managerial processes needed to operate a financially sound and profitable business
- **Leadership:** the difference between management and leadership and what distinguishes a good leader from a great leader
- **Strategic Planning:** the insight and responsibility needed to lead people and organizations into the future through Visionary Strategic Planning: (Mission, Vision, Strategic action plans)
- **Coaching and Motivation:** the ability to help others accept and understand their unique talents, gifts, and calling and help them pursue these with confidence and enthusiasm
- **Customer Relations:** the importance of and ability to establish and build strong client relations
- **Risk Management:** the ability to identify, evaluate, and manage risk by proactive measures

Style / Personality

Jack's genuine desire is to see clients succeed in achieving their ultimate goals of success in today's real world. His experience, approachable style, and quick wit allows clients to challenge thought processes while internalizing key concepts. Jack's ability to apply 'real life' situations helps people find solution-minded results that make ultimate success possible by taking small, achievable steps.

Ethics

Jack grew up on a family farm in the Upper Midwest. He learned the value of hard work, time management, and responsibility. Those who know Jack will attest to his profound sense of honesty and integrity in all areas of his personal and business life.
